DETAILED ACTION

Response to Amendment

This communication is in response to the amendment of 9/04/2007. All changes made to the Claims have been entered. Accordingly, Claims 1, 3-9, 29, 31, 33, 34-36, 38 are currently pending in the application.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 34 is rejected under 35 U.S.C. 102(b) as being anticipated by Cidon et al. (US 4926418), hereinafter referred to as Cidon.

Regarding claim 34, Cidon discloses a station in a unidirectional ring architecture (figure 1) comprising: means for guaranteeing bandwidth to a downstream station that is downstream from the station on the unidirectional ring, including means for allocating a determined number of transmit slots to the downstream station for each packet that transits through the downstream station (forwarding a control message on the ring to indicate to each of the nodes on the ring a first corresponding maximum number of packets that each node is permitted to transmit in a corresponding time interval, col3 lines 25-35).

Allowable Subject Matter

3. Claims 1, 3-9, 29, 31, 33, are allowed.
4. Claims 35, 36, and 38 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
